AUTOMOTIVE SERVICE TECHNICIAN PROGRAM

A partnership between

**Kwantlen Polytechnic
University**

And

Career Education Department

Are you interested in becoming an Automotive Service Technician?

JOB DESCRIPTION

Automotive Service Technicians examine, test and repair the parts and systems on cars and light trucks. They often use computerized diagnostic equipment to test, adjust and repair key vehicle components such as engines, steering systems, braking systems, drive trains, vehicle suspensions and electrical systems. The work of an Automotive Service Technician also involves reassembling and testing repaired items against manufacturers' standards, as well as performing preventative maintenance such as wheel alignments, oil changes and tune-ups.

CONNECT TO POST SECONDARY

Through the Automotive Service Technician Program you have the potential to earn both high school and post-secondary credits.

COURSE CREDITS

- TRNJ 12A
- TRNJ 12B
- TRNJ 12C
- TRNJ 12D
- TRNJ 12E

PROGRAM LENGTH

- 21 weeks
- Starts second semester
- Includes an industry work practicum

SCHEDULE

- Monday to Friday
- Program may run up to one month past school year end depending upon the KPU schedule

COSTS (Paid by the Student)

- CSA work boots (steel toed)
- Safety equipment as required
- Textbooks and workbooks (approx. \$340)
- Tool kit as specified by instructor

SKILLEDTRADESBC YOUTH WORK IN TRADES PROGRAM

Students may have the opportunity to receive up to 16 additional high school credits for paid apprentice work. Continued paid work and schooling may earn you Red Seal certification.

YOUTH WORK IN TRADES SCHOLARSHIP

Students may have the opportunity to apply for a Ministry of Education / SkilledTradesBC scholarship of \$1,000.00. This scholarship program begins after July 1, 2024.

Services provided through funding arrangements with SkilledTradesBC, a British Columbia Crown corporation, and the Surrey School District Career Education Department.
